Our *Special Advent Offerings* this season will all be committed to support the work of the <u>Abdul Miracle Disabled Children's</u> <u>Foundation</u> (AMDCF), which provides school fees and support to disabled children in Sierra Leone. \$150 pays for a whole year's tuition; \$50 for one trimester; \$25 for much-needed administrative support. There will be a form in the weekly bulletins that suggest how to donate.

Are you familiar with the story of AMDCF & how it came to be?

If not, here's a short refresher: Several years ago our own Sahr and Abdul Moiwa were involved in a terrible car crash. This awful event also left Abdul with physical challenges that he is conquering today with the love and support of his friends, family, church family and the generally supportive laws and culture around disability here in California. Sahr wanted find a way to give thanks to God for the miracle that saved his son and himself and was moved to help disabled children in his native Sierra Leone.

The 1991-2002 civil war in Sierra Leone displaced 2.5 million people. According to the World Bank, the country ranks at 181 of 197 on a measure of Gross National Income per Capita, with the average resident living on one dollar and seventy three cents per day to cover basic needs such as food and shelter. In such a difficult environment, there is little to nothing left for supporting the needs of disabled children. This is how the Abdul Miracle Disabled Children's Foundation was born.

Campbell UMC's <u>Church In Action</u> committee is partnering with AMDCF in this goal. For the next 4 weeks, this will be the sole focus of our special Advent giving.

AMDCF has a broad charter and we are making a difference in many ways. However, the focus for Advent is our program which is currently sending 60 disabled kids to school supplying the tuition, uniforms, and whatever other support is needed to make a child successful in school. The total cost to do this for one child is \$50 US dollars per trimester or \$150 per year. Costs for the first trimester of this school year for all children are covered, but additional funding is needed to cover later trimesters and get a start on funding for next year and/or grow the number of children helped.

Gifts to AMDCF is what your church is inviting you to do this Christmas, alongside your gifts to your own family and friends. For \$150, you can send a disabled child in Sierra Leone to school for a full year. For \$50, a full trimester, a third of a year. Smaller gifts are valuable too, as you will see on your bulletin insert. If you are interested in the stories of the children AMDCF is helping, there will be photos and short biographies (attached) of each of the 60 kids, available in the Narthex each Sunday of Advent. Please take one home with you and leave it out where you are likely to see it again during the week. You can bring a check made out to AMDCF to church on any of the Sundays in Advent, or you can give in any of the other ways described on the sheet in your bulletin.

It is hoped that with our Christmas gifts, we can make sure that all 60 of these kids know that they have a full year of school ahead of them. Thank you so much!

Mohamed Lamin Bangura

SCHOOL: Mubashirin Primary School, Hastings

AGE: 10 Years

CAUSE OF DISABILITY: Badly prescribed and applied injection led to his

disability (POLIO PATIENT)

OCCUPATION OF PARENT: Stone breaking ,she physically break stone with her bare hands and sell them as the main economic activity for survival to up keep her eight siblings together with the client-Mohamed Lamin Bangura (Her Son)

How I have benefited from AMDCF:

Full scholarship for one year and payment of all school charges Provision of learning materials One time medical assistance One lunch and transportation allowance

What I want to be in the future:

I would like to be a medical doctor
